

EQ7 Summer Drawing Series: Mid-Month Mini Lesson!

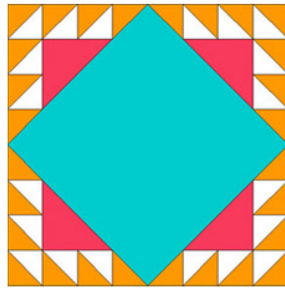

This is a special bonus post for the EQ7 Summer Drawing Series Sew Along! If you'd like a little extra practice with the EasyDraw Worktable, here are a few variations to try. I'll give you some hints on how to draw these blocks, but I won't be writing out step-by-step instructions because I'd like you to give your new drawing skills a workout.

For each of these blocks, **start with the original Lesson 1 Block on the Block Worktable** (open the Sketchbook > click Block 1 to select it > click Edit). Simply add or subtract lines to make the variation block. Make sure to **Add to Sketchbook**  after you've completed each variation.

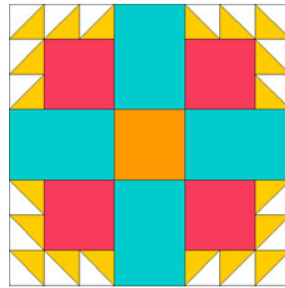

Original Block

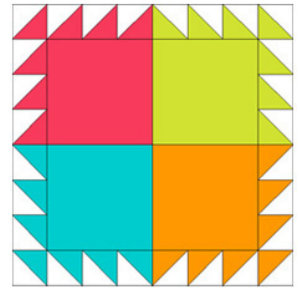

Variation 1

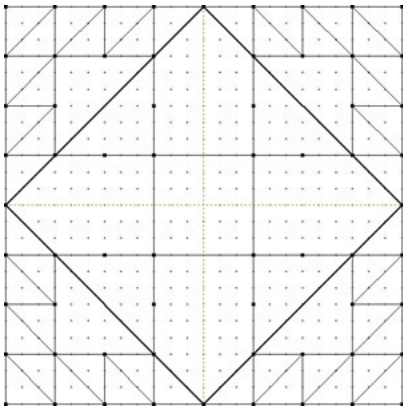

Original Block

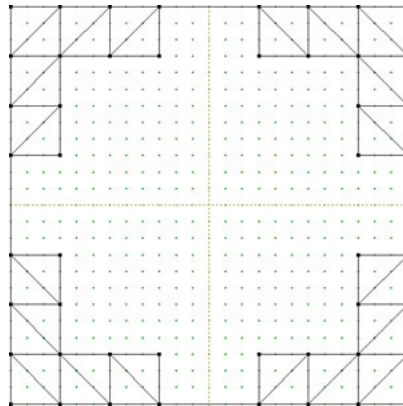

Variation 2

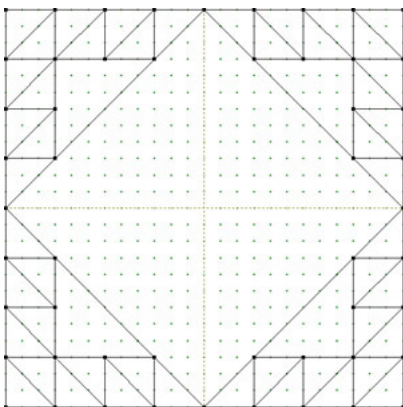

Use the **Line** tool  to draw an on-point square.

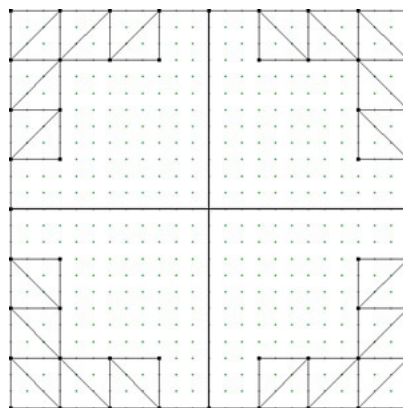

Use the **Pick** tool  to delete all the lines except for the small half-square triangles.

Use the **Pick** tool  to delete all the lines inside the on-point square.

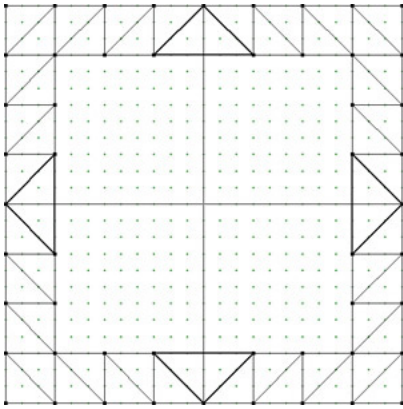

Use the **Line** tool  to draw a vertical line and a horizontal line at the 6" mark.

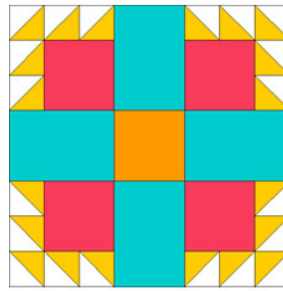

Variation 2 con't.

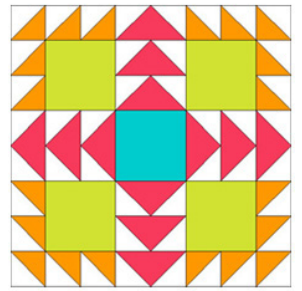

Add more half-square triangles to the edges of the block by drawing the lines illustrated below.

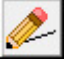

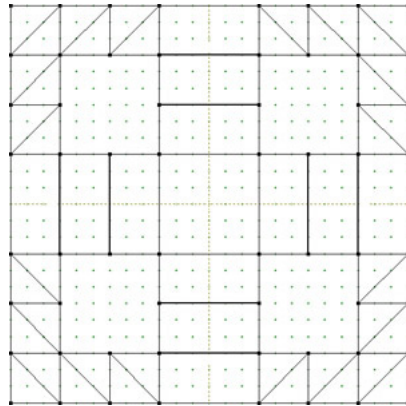

Original Block

Variation 3

Use the **Line** tool  to draw the horizontal and vertical lines illustrated below.

Draw lines to create the "geese" flying out from the center of the block.
